DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed on September 23, 2003. In the
5 amendment claim 272 was canceled, and claims 263-269, 271, 273, 275, and 277 were amended. Claims 263-271 and 273-277 remain for examination.

Drawings

2. The formal drawings (333 sheets) filed on July 9, 2003 are approved.

10

Allowable Subject Matter

3. Claims 263-271 and 273-277 are allowed.
4. The following is an examiner's statement of reasons for allowance: the claims are directed at a planar laser illumination and imaging module (PLIIM). The module is realized on a
15 semiconductor chip, and comprised of a pair of arrays of surface emitting lasers (SELs) for producing substantially planar laser beams. The pair of arrays are disposed on opposite sides of the image detection array having optics having a field of view. It is the Examiner's opinion that previously cited references, taken alone or in combination, fail to suggest or teach a particular structure and the system for producing substantially planar laser illumination beam which extend
20 through the field of view as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
